

VOLTAGE TESTER

TP3500LCD

- 2 pole tester with 2000 counts digital display
- Voltage measurement up to 750Vac/dc
- Auto Sensing of Vac, Vdc and Ω
- Phase rotation test
- Pole search function
- Continuity and diode, Resistance and Frequency
- Voltage with no batteries
- Built-in torch
- IP65 protection for outdoor use
- Compliance with IEC/EN 61243-3:2014

TP3500LCD

VOLTAGE TESTER

General	
LCD	2000 counts
IP	IP65
Sampling rate	10 times/seg
Low Battery Indicator	✓
Auto Power Off	✓
Battery capacity indication	✓
Battery life	200 hours
Batteries	AAA 1,5V x2(LR03)
Dimensions	68mm x 239mm x 29mm
Weight	220 g
Standards	IEC/EN 61243-3:2014
Safety rating	CAT IV 600V, CAT III 1000V
Accesories included	Test leads, batteries and pouch

TP5000HY

TRMS VOLTAGE AND CURRENT TESTER

Specs	
AC Voltage	750V
DC Voltage	750V
Resistance	2k Ω
Continuity Buzzer	✓
Diode test	0,3V - 0,9V
Phases sequence	Sensibility (100V-750V)
	Frequency range:45-65 Hz
Single phase test	Sensibility (100V-750V)
	Frequency range:45-65 Hz

Product Code Information	
SKU	KPSTP3500LCDCBINT
EAN code	8435394786414
UPC code	810053676905
pcs/export carton	20
